A. Preliminary Activities

At the time the EPA Act was signed into law, NRC did not have regulations in place that would specifically apply to the new byproduct material. Time was needed for the development of a revised regulatory program, to allow for the orderly transition of regulatory authority over this material.

1 under an existing section 274b. Agreement, the State should, on or before **[date to be**
2 **determined]**, notify the Commission that it intends to discontinue its regulatory authority
3 for the new byproduct material.
